

Avalon is an SBA-certified SDVOSB specializing in **industrial fabrication, installation, and facility modernization**. In partnership with NMI Industrial, our team brings 50+ years of specialty steel experience to complex, nonstandard projects involving difficult site conditions, equipment interfaces, active facilities, and large custom structures. We take ownership of difficult projects and execute with clarity, control, and uncompromising standards.

CORE CAPABILITIES

CUSTOM INDUSTRIAL FAB

Carbon & Stainless Steel, Heavy
Welded Assemblies, Custom
Equipment Structures
